

5 December 1969

MEMORANDUM FOR: Chief, Historical Staff

THROUGH : Deputy Chief, Historical Staff

FROM : Support Services Historical Officer

SUBJECT : Status Report, Support Services Historical Program

REFERENCE : Oral Request from [] for information on DDS program, 1 December 1969

25

1. The references request was for information on the following:

a. DDS histories completed (numbered and bound) since April 1969.

b. Status of the over-all DDS history.

c. Details on historical projects currently in process.

d. Possible additions (subjects) to the DDS historical program.

2. There have been no additions to the list of DDS histories completed since April 1969.

3. Progress on the over-all history of the DDS can be characterized as "under way." In the three months he has been assigned to the program, the efforts of the Support Services Historical Officer (SSHO) have been directed to the following:

a. Establishing working relationships and procedures with the Chairman (Chairmen) of the DDS Historical Board and the component historical officers. This has been necessary and educational for the SSHO and, hopefully, will tend to promote sound working relationships between the SSHO and the components. Thus far, certainly, all DDS personnel contacted have been cooperative and helpful.
